## Local News.

We ask the indulgence of our readers this week for the scarcity of local items and mining news. In the confusion of straightening up books, moving and remodeling the appearance of our paper so as to suit the recent change in the management, we were unable to give that attention to our local department which it deserved. Coupled with the fact that local items in this neighborhood, are like angel's visits, few and far between, we hope that the apology we offer is sufficient.

All alone!

One, we have concluded, is better than two.

Hon. W. P. Price left for Atlanta first of the week.

"The Atlanta Telegram" is one of our spiciest exchanges.

Capt. R. R. Asbury, our new Senator, was in the village on last Monday.

The legal advertisements will be found on the fourth page of this issue.

The violinist is stringing his instrument ready for the anticipated Christmas balls.

An old inhabitant and weather prognosticator predicts a cold spell of weather after this week.

Lawshe, of the Gainesville Southern, says we have one of the best first-offices in upper Georgia.

Burnside & Bro. are thoroughly repairing the Lawrence house, which they have recently purchased.

Subscribe for the SUGAR ADVERTISER. Only \$1.50. The best weekly for the money in the State.

Dahlongega is going to have a new post office—Augusta Constitutionalist. Well now that do settle it.

"Johnnie gives it up." Mutton-head, one is enough in this case. We will not go beyond what we said in reply to your first card.

Remember, this is the last issue to be sent to persons who have been taking the SUGAR, and are due for more than a year's subscription until they pay up, and renew the same.

The Rev. W. J. Woodlen filled the pulpit at the Baptist Church in this place on last Sabbath, and preached an eloquent and soul-stirring sermon, to a large and appreciative audience.

The Rev. J. D. Hammond preached his farewell sermon at Jones Chapel, some three miles from this place, on Sabbath last. Quite a number of persons went from this place.

The announcement of Mr. H. H. Wells declaring himself a candidate for Ordinary of Lumpkin county, will be found in this issue. Mr. Wells is a deserving young gentleman, and in our opinion make a good race.

There is said to be more sickness prevailing in Dahlongega and vicinity as the present than at any time during the year. Persons should be careful about exposing themselves too much during this delicate and disagreeable season.

A student while walking briskly down the street the other day, was accosted somewhat thusly: "See here, young man, how old are you?" "Well, I'm big enough to teach school, talk naps to Pap, and I did give the Court House a P for Uncle Sam's benefit." Then a gentle tap of the shoulder and a solemn confabulation ensued, at the close of which the student bowed and the candidate smiled an approving smile and passed on.

We cross out a large number of names on the old SUGAR subscription book which have not been marked as to how long they wished to take the paper, and also who have not paid any thing. To such we would say come forward and settle up and renew your subscriptions, as we intend to carry out our business strictly. We also, send this issue to a number who are in arrears with the hope that they will immediately settle up. If you wish the SUGAR ADVERTISER to pay you weekly visits you must pay for it. A word to the wise is sufficient.

Some of the candidates for the county officers have been visiting their friends during the past week.

As only a few weeks of leap year remain, a combined attack on unmarried men of all ages should at once be made.

There is an early advent among us of wild ducks, this season. We learn that large numbers of them are already to be found upon our water courses.

Our "heading" this week is only a temporary one; it will be replaced by a beautiful electrolyzed head, which has been ordered from the Cincinnati foundry, in a week or two.

To-morrow (Saturday) the election for Mayor and Councilmen comes off. The municipal ticket which has appeared in this paper for the past three weeks, is composed of our best citizens.

Mr. Ben Houston, who has been going to College at this place for several months, was summoned to his home in Brunswick, Ga., by the sudden death of his brother, on Monday night. Mr. Houston was accompanied by his two sisters.

In passing the Court House door last evening, our attention was attracted by the following notice of sale, which was tacked thereon:

Will be sold on the first Tuesday in September, 1892, one blind horse with no head, the property of Walter Tice. Can our worthy Sheriff or Marshal give us any light on the subject?

Lawshe of the Gainesville Southern paid our town a visit last week, and upon his return home gave his many readers a lengthy Dahlongega letter, from which we make the following extract: "Now if the Advertiser and Signal will consolidate into a good strong weekly journal, and will help us get an steam enough to build a narrow gauge railroad from this place to Dahlongega, with a view to continuing it over the Blue Ridge at an early day to Blairsville, the whole up country will soon team with life energy and prosperity."

That is just what we have done, brother Lawshe, so far as the consolidation is concerned, and as far as the railroad, we will blow or bust. With Col. W. P. Price, Lumpkin's indefatigable worker, in the Legislature, we are, in the voice of Bill Arp, resolved to do something.

TO THE VOTERS OF LUMPKIN COUNTY.

Fellow Citizens: Having been solicited by many friends throughout the county to submit my name to the people for the office of Sheriff, I take this method of announcing to you that I am in the field, and will remain there until the contest is settled at the ballot-box.

It will be impossible for me to visit all of my friends before the election, because I am a poor man, and have to work for my "grub," and can't lose the time to see every body. Do not be discouraged if I should not call to see you; I have some respect for you, and am determined not to make you lose all the winter and fall talking to my part of the race, for I am sure some of your farm work has already suffered, if you have seen all the candidates for sheriff and talked them out. Lumpkin has too many candidates for this office, and some of them will be beaten, and none of them are anxious to be told that they have not friends enough to elect them. I don't want to be beat, and won't be if I can help it. Runners have already gone into some parts of the county to tell the people to unite on the old sheriff to beat a certain candidate. No combinations have been formed except by those men who are for the weakest candidate, and they have sent out those runners to try to frighten the people into voting for their weak candidate, and thereby elect him. If I thought I was the weakest man I would not be in the field. My fellow-citizens have called me in the field and I shall remain in and abide their decision in January. And I can only say that if I am elected, I will discharge the duties involved upon me to the best of my ability and in conformity with the law, with as little expense to the county as possible. And as there are quite a number of aspirants for this office, I would

suggest that each one carry his own skillet and do his own living, and let the mass of the people center on the man who they think is best qualified to fill the office. If it is the wish of the people that only one Democratic candidate run the race, I am willing to leave it to any number of our citizens mentioned as to who is the strongest man, but I am unwilling to be lied out of the race by one or two men.

Hoping my friends will rally to my support and speak for me with a large number against perpetual office-holding and for rotation in office, I remain the people's candidate. Respectfully, C. M. MOORE.

The Warrenton Clipper ascertains that General Braxton Bragg was a native of Warren county, in this State, having been born there in 1815. Georgians seem to have lost sight of many of their brethren who, in other fields and other commonwealths, have won proud names and honors.

A special from Sandy Hook, bearing date of the 23d ult., says: The United States Steamship "Franklin" is in the office, having Tweed on board. She is under steam and coming in slowly. A swarm of tugs are lying in wait for her near approach, but no communication will be made with her or her prisoner.

The New York Evening Express says that this is not the only close election by long odds, but it appears to be the most exciting. In 1797 Adams was elected by three votes. Jefferson in 1801 received 73 votes and Burr 73 votes, and the question was decided in Congress. In 1812 there was a difference of only twelve votes between Madison and Clinton. In 1844 Polk was elected by the electoral vote of New York, the popular majority in the State being only 5,000. In 1848 Taylor was elected over Clay by only nineteen electoral votes.

MARRIAGES.

HEAD—MARLOW. Mr. I. C. How to Miss—Marlow by Rev. J. W. Hatfield, last Sunday, in this county.

AUGUST FLOWER.

The most miserable beings in the world are those suffering from Dyspepsia and Liver complaints.

More than seventy-five per cent of the people in the United States are afflicted with these diseases, and their effects such as sour stomach, sick headache, heart palpitations, pallidation of the face, backache, water-brash, gas, and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c. Go to your Druggist, J. W. & W. A. Burnside, and get a 75 cent bottle of Arrow Brand or Sarsaparilla for 10 cents. Try it—two doses will relieve you.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. J. W. & W. A. Burnside, Station D, Bible House, New York.

CONSUMPTION CURED.

An old physician, retired from active practice, having had placed in his hands by an East India Missionary the formula for a simple Vegetable Remedy, for the speedy and permanent Cure of Consumption, Bronchitis Catarrh, Asthma, and all Throat and Lung Affections, also a Positive and Radical Cure for Nervous Debility and all Nervous Complaints after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellow-men. Actuated by this motive, and a conscientious desire to relieve human suffering, he will send (free of charge) to all who desire it, this recipe, with full directions for preparing and successfully using. Sent by return mail, with addressing stamp, naming this paper.

Dr. V. C. CHRYSTEN.

Murphy Block, Syracuse, N. Y.

Mechanical ingenuity culminated in the invention of the Sewing Machine and millions of toiling women were elevated from drudgery and poverty to intelligence, industry and competence. If this be true in the abstract as regards the sewing machine, with what force must it apply to that marvellous embodiment of all that is useful and beautiful in sewing machine mechanism, the Victor Sewing Machine, which has fairly eclipsed all others, not only in its adaptability to do all kinds of work in the dress which it is doing. It may be said to have carried its admirers by storm as soon as its capability for work became known. The aim of its inventor has been to discard every needless complication peculiar to ordinary machines, and only familiarity with the machine will enable our readers fully to appreciate how far he has succeeded. It is not too much to say that the machine will last a lifetime. Sole agents, 54 East 10th Street, New York City, and in all the large cities of the country.

## WHY WILL YOU PINE AWAY?

WIDOWS & PALE.—The demand for Dr. J. Bradford's Female Regulator is beyond precedent in the annals of popular medicine. Orders come in so thick and fast that the Proprietor has, heretofore been unable to fill them all. He is happy to state that arrangements are now complete which will enable him to manufacture the Female Regulator on a scale equal to the emergency, and the public may feel assured that their wants may now be supplied. Physicians of high repute are making this great remedy, in daily practice, all over Georgia. It is a woman's need, and a woman's remedy. It is a woman's friend, and a woman's life. It is a woman's health, and a woman's happiness. It is a woman's glory, and a woman's pride. It is a woman's power, and a woman's strength. It is a woman's wisdom, and a woman's grace. Peg-Legged Charlie, with the aid of his wooden leg makes the modern Atlantic "shiny on his own side."

Calhoun's advice Grant to seize the government at Louisiana when he was about to go out of office, and establish himself as dictator of the country. Grant doesn't need Calhoun's prompting. He knows his gait.

The Radicals of South Carolina are fast losing their faith in the ability of their leaders in Washington to steer them safely through the fierce storm of righteous indignation of our people, and are daily weakening in their yet determination to execute their deep-laid plans of villainies. This it is, they fear the results of their own evil deeds.

Two and his ring plundered the Treasury of the city of New York, but the Republican rings at the South are engaged in stealing votes to make a President, after having stolen millions of money from the State treasuries. Two's crimes against the public were far less than those which Wells, Stearns and Chamberlain are trying to complete.

The Cincinnati Enquirer of the 20th instant says: "A prominent dry goods firm of Cincinnati has ordered all of its Southern salesmen to return home. In fact it was impossible for them to sell any goods, the merchants of the South actually refusing to examine their samples, and not a few of them publicly announced their intention to quit business if Tilden is not elected. We have this from the lips of a member of the aforesaid firm, whose assertion can be relied on."

The Constitution gives the details of a terrible tragedy at Social Circle on Wednesday last. It was the day upon which Robinson's circus exhibited there, and as a matter of course, a large crowd had assembled, and benzine flowed freely. A row ensued, which proved terrible and fatal in its results. Two white men, Smith and Hardin, were killed outright, and several others wounded. The first named gentleman was of Rutledge, Ga., and the latter a native of Jasper county, in this State.

The failure of Republican States to appoint their full complement of electors, which in Illinois, Pennsylvania, Rhode Island, Vermont and Oregon constitutes the alternative to the election of Democratic electors because of the casting of Republican ballots for ineligible persons will not, as many suppose, throw the election into the House. The majority required by the Constitution is a majority of all the electors the State are entitled to appoint, and of the number actually appointed; and so, if the votes of the disputed States should be stolen for Hayes the lack of two Republican electoral votes would elect Tilden upon the face of the returns.

A Washington dispatch says "There is more in the story of Gov. Hayes' contemplated withdrawal from the disgraceful contest now kept up to foist him into the Presidency than may be imagined. It is known that Governor Hayes has for some time had considerable misgivings as to the propriety of even a tacit acquiescence on his part in the questionable methods by which it is hoped to give him a nominal majority of the electoral votes. But a tremendous pressure has been brought to bear on him to stick, and the argument has been used with him that he has nothing to do with the matter as it stands at the present, and that whatever he may conclude to do when the proper time arrives it will not become him to act until after the electors meet and cast their votes."

## Speakership of the U. S. House of Representatives.

This important question has at last been settled. There were many leading names set forth as candidates for this office, among those most prominently mentioned were Cox, Randall, Saylor and others. The caucus met in Washington on the night of the 2nd inst, but, however, there were only two names voted for before the nominating Convention—those of Cox and Randall, which resulted in the nomination of the latter named gentleman, after which he made a brief but eloquent speech.

XLIV Congress.

The Forty-fourth Congress assembled on last Monday. Grave and important questions will come before the body. What we have reference to is the all absorbing theme, the counting of the electoral vote for President of these United States. This session promises to be the most exciting and interesting one in the whole of the nation. Upon the final action of that body in this matter hangs the fate of our country. We entertain very serious fears as to the peaceful settlement of this stupendous question. On the one hand peace and plenty; on the other blood-shed and starvation.

Returning Board of Oregon.

This is what a leading paper says relative to the Returning Board of the above named State: "The returning board of Oregon consists of the Secretary of State and the Governor. The Secretary's duty consists simply in counting the votes in the presence of the Governor. One of the Republican electors, J. W. Watts, was a postmaster at the time of the election, and is therefore disqualified. A special to the San Francisco Chronicle, from Salem, says that it is believed that the Supreme Court will issue a mandamus to require the Secretary of State to place the Democratic elector who has the largest number of votes in the vacancy of the disqualified man. This, if true, will settle the question. Tilden requires only one more vote, allowing Hayes all the 'doubtful States.'"

Our College.

The Hon. W. P. Price has been interviewed by a Time's reporter since his arrival in Atlanta, and in speaking of our college, this is what he says concerning the military department: "By the first of February, the military department will be organized and in successful operation. Upon application of Colonel Price, Lieut. Gerard, of the United States army, has been detailed by the Secretary of War to take charge of this branch of education. He will be assisted by Professor G. B. Harrison, of Louisiana, late Instructor in the Virginia military Institute. Lieutenant Gerard is a Kentuckian. His regular army pay will continue during his connection with the College, and his services, therefore, will cost this State nothing. The United States will furnish all the arms, accoutrements and ammunition necessary to the complete success of the Military Department."

A Card.

Editors Signal-Advertiser: In justice to myself and as clerk of the Clarksville Baptist Association, I desire to make a few explanations relative to the printing of the minutes of the above named association. In due time after the adjournment of that body I delivered the manuscript, properly arranged, into the hands of the manager of the firm of J. E. Neal & Co., with instructions to have them finished up, ready for distribution among the different churches belonging to the Association, as early as a day as possible, and received the earnest assurance that they would be ready for delivery in a few days. Hence, the long delay in the printing, you will observe, was not owing to my negligence of duty, but to the carelessness of the printer. Again, though an oversight of the compositor, several verses of poetry which should have appeared in the printed minutes were omitted, as also, the donors' names.

The above explanations I make in order that the Association will know upon whom to attach the blame. Respectfully,  
J. W. Brown, Clerk.

## Comptroller General.

Meas. Editors: The General Assembly will soon be called upon to fill the above office. The names of several very competent gentlemen are presented for the position, but there is one gentleman whose abilities and past services so preeminently qualify him and entitle him to consideration that I feel justified in asking the use of your columns to mention him to your readers and those whose province it is to vote on this question. Col. B. W. Froebel is a candidate for the office. His name is linked with every public enterprise that looks to the honorable growth of the State. He has worked for our well in season and out of season. He is not only a scientific man, but is perhaps better versed in all those questions connected with our political economy than any other man within our borders. He has illustrated the State in the field, the camp, and wherever else his services have been demanded. No other man perhaps has done so much to call the attention of the outside world to the great commercial interests of our State and the development of its immense internal resources. His great intellect could find a fair field for usefulness in the office of Comptroller General, and it is to be hoped that the State will not lose this opportunity of placing him where so much good can be accomplished by his personal supervision.

UPPER GEORGIA.

Communicated.

Meas. Editors: Please pardon me for calling your attention a moment. As we pursue life's moral path, there is many pleasant scenes arising before us. By all the visible beauties of nature the mind is taught to dive into deeper things—the invisible. If I were a physiologist I could, doubtless discover the coming excellence in the minds of the young aspirants of this age. But, alas, for us future generations must gather those precious jewels from the stores of time, and their names are to honor the archives of another age. On last Friday evening, notwithstanding the severity of the weather was sufficient to prohibit the preliminary and formal duties of all literary societies according to prescribed codes; quite a number of the members of the "Deora Palæstra" and "Pride" Debating Societies, who-eval no tempt could-check and whose enthusiasm the piercing north winds can never chill, met, in concert, in an accustomed hall where by their ready wit and humor and impromptu speeches we were happily entertained for an hour in a rare mental repast. Young men retired from the hall, amid the fierce whistling of the driving winds, intoxicated with the spirit of emulation, determined to treat the high-way to learning's goal with purer intentions and a steadier aim. These Societies are composed of young men of promise, for whom Dallongea should feel, and look with brighter anticipations to their future career. Why not her sons honor your record in coming years? Why not her sons overcome obstacles like Demosthenes, whose eloquence wasted in the garden, as he declined to the dashing waves, and in their onward march to eminence under the banner of their country, while they enroll their names on the pinnacle of honor and claim to be the peers of Cicero, and all the boasted orators of antiquity, who have astonished the world with their eloquence.

OSK.

The Southern doesn't seem to care a snap into whose hands the management of the Air-Line Railroad passes, so that city gets the benefit of it. Lawshe says: "To-day the great Air-Line Railroad will be sold to the highest responsible bidder. Who will be the purchaser on? It will fall into good and responsible hands who will manage it to the best interests of the owners and the people. We hope it will not pass into the hands of foreign capitalists who have no sympathy with our people. We would be very glad to announce that the same management we have now is to be continued with extended powers. We have full confidence in Mr. Fisher as an executive officer, and we know there

are but few able managers than J. B. Peck. If these gentlemen continue to boss the running we don't care much who owns the track and rolling stock.

A Card.

Meas. Editors: Please allow me space in your columns for the following. The Signal of Nov. 24th has an article from Eddie, the retired editor, about my stopping my paper, and gave as my reasons for so doing, that it supported Tilden and Hendricks.

Now, I have this to say by way of explanation. My reasons for ordering the same stopped, was because it was so irregular in coming out, and that "solitary vote" of mine, that he spoke of, was a lie of his own manufacture, as I did not vote at all in the late Presidential election. Just here I will state what my policies are. I am, and always have been, for the man whom I thought was best qualified to hold office, regardless of party principles. He also, says that to lose my patronage, would cause him to suspend, break up or something of the kind. I see by the last issue of that paper that he has reluctantly torn himself away from it, taken a sensible view of the situation and become a student of the N. G. A. Colleague.

In conclusion permit me to say that I sincerely regret that the loss of my patronage by that concern has caused the community to lose such a bright journalistic star.

CHAS. DEARBY.

A Terrible Tragedy.

The following we take from the Southern Appeal, Irwinton, Ga.: "On last Saturday evening, about 8 o'clock in the Town of Gordon in this county, where the citizens were holding an election for delegates to the convention to nominate county officers, Mr. Daniel Sanders assaulted Dr. Warren Gibbons, for some personal grievance or imagined grievance. He struck the Dr. with a stick and the Dr. attempted to resist the assault by snapping a pistol at Sanders. Mr. Warren Dykes the marshal of the town and a brother-in-law of Sanders arrested Sanders, and with the assistance of the John Smith started with him to the guardhouse. Before reaching it however, the friends and relatives of Mr. Sanders overtook them and rescued him from the officer. After this occurrence the parties, inflamed by liquor, and 30 or 40 strong, made an attack on Mr. Dykes, headed by Mr. Sanders and James Barantime of Twigg and others. Mr. Dykes drew a couple of pistols, and shot Mr. Barantime through the head and killed him instantly. The crowd still pressing on, he fired the pistol he held in his other hand and killed his brother-in-law, Daniel Sanders, instantly, also shooting him through the head. He then fired a shot which came near wounding his father-in-law Mr. Wilson Sanders. The crowd was checked for a moment by the fall of their comrades and Mr. Dykes went into the store of Mr. Granberry with several friends who looked the door to keep out the infuriated crowd who attempted to get in with picks, shovels, etc. After dark Mr. Dykes left this building where his life was in danger and went off and concealed himself until morning and then went and surrenders himself to officer Barclay, who placed him in the upper room of the Gordon hotel and notified sheriff Brannen of the arrest, who repaired at once to Gordon and took charge of the prisoner, still keeping him strongly guarded in the hotel, and intending to carry him to Macon jail on the up train, for the personal safety of Mr. Dykes.

No legal investigation of the circumstances was had. Not even an inquest was held over the remains of the two men, who were taken charge of by their friends and buried. We get the above information from a gentleman who was an eye-witness.

The Atlanta and Richmond Air-Line Railroad was sold in accordance with previous notice. Mr. Eugene Kelly of New York, represented the bondholders, and bid in the road at \$1,600,000.

## Louisiana Fraud.

So far as Louisiana is concerned, the infamy is complete. The State is declared for Hayes by 3,000 majority. South Carolina and Florida to hear from.

## ELECTION NEWS.

Up to this writing the situation in the three contested States remain unchanged, notwithstanding the fact that Radical frauds are being almost hourly brought to light. The following dispatches we gather from the Atlanta Constitution:

South Carolina. COLUMBIA, November 2.—Two of the most prominent republican members, colored, Myers and Hamilton, of Beaufort, have just deserted Mackey's side of the house and sworn by the Democratic speaker, Wallace. Others are expected this evening. Both houses are still in session. The republicans are straining every nerve to save themselves. The Democrats are more cheerful. No interference yet.

COLUMBIA, Dec. 4.—Last night Chamberlain packed the committee rooms with one hundred armed constables. Ruger's sentinels admitted them without challenge, but refused admittance to our men. (They were the sergeant-at-arms who had instructions from Wallace to arrest these Chamberlain constables for breach of privilege.)

Five hundred of our men came this morning and one thousand more this evening ready to sustain the legal legislature, if so instructed. Just before 12 m. Mackey notified Wallace that one hundred state constables were about to enter and eject him and his house, supported by United States soldiers. None of us were admitted this morning. Reporters were excluded. Our 67 men were cut off from all assistance. Hewitt telegraphed this morning. Grant will recognize either house as soon as it has 63 members with secretary of state's certificate. Intimations received from official quarters to avoid collision, therefore Wallace read a protest rejecting the facts and adjourned to Carolina hall.

We, the outsiders, are greatly disgusted, and have sixty members and will get three more this evening to satisfy Grant. A mandamus has been sent out to deliver votes to Wallace. The supreme court will grant it. No count on the governor's vote to-day.

Florida. TALLAHASSEE, Fla., Dec. 3.—A m. The last of the evidence is now before the canvassing board, and we may look for a decision of this knotty case about next Tuesday evening. The sensation of to-day is that the second negro candidate for elector, Humphreys, received the appointment of shipping master at Pensacola some months ago, and it is said only resigned a few days since. Is this another crooked hair pin?

Louisiana.

NEW ORLEANS, December 5.—There was great excitement in this city last night, and rumors of all kinds circulated rapidly. It is estimated by those who know that the State cannot be counted for Hayes and Packard without throwing out twenty thousand votes. Fifteen thousand democratic and five thousand republican. There is no reason to expect justice from the judges. Hayes and Cassanova have been whipped into submission by Kellogg and Packard, and during the past twenty-four hours Pinchback has changed front. This change, it is said, was brought about on Saturday, when Senator Sherman, Stoughton and one or two other leading Northern Grant supporters dined at Pinchback's house, and where rumor says Sherman swore allegiance to Pinchback if the latter would use his influence with Kenner and Cassanova, and that he, Sherman, would not longer oppose Pinchback obtaining his back pay from the Senate. Kellogg and other Radical leaders are extremely jubilant over the prospect and have arranged that the returning board shall complete its labors and make its report under the protection of federal bayonets, to day at the custom house.

and are the only organs assigned this rank. Their superiority is thus declared, not in one or two respects only, but in all the important qualities of an organ. A Medal and Diploma have also been awarded them. Medals of equal value were awarded all articles deemed worthy of recognition, so that many makers can advertise "first medal" or "highest award." Comparative rank in excellence, has been determined by the Judges' Reports alone, in which the MASON & HANLIN ORGAN is unanimously assigned "The FIRST RANK in the several requisites" of such instruments, and are the only ones assigned this rank. See Judges' Reports. This result was not unexpected, for these organs have uniformly taken the highest places in six exhibitions in hundreds of comparisons. They were awarded first medals, and highest honors at Paris 1867, Vienna 1874, London 1873, Philadelphia 1876; having thus been awarded highest honors at Every World's Exhibition at which they have been exhibited and being the only American organs which ever obtained any award in Europe.

## OREGON!

She Casts Her Elec-

toral Vote for

Tilden.

Rejoice for the Day of Sal-

vation is at Hand.

WASHINGTON, Dec. 3.—Nearly all

of the States have cast their ballots

for their respective parties.

LATER.—A dispatch received by

Senator John Mitchell from John S.

Steel, of Salem, Oregon, states that

to-day Mr. Cronin, the Democratic

candidate for elector, himself appoint-

ed two other Democrats as electors,

and they cast the vote of Oregon

for Tilden and Hendricks, and Gov-

ernor Grover and the Secretary of

State recognized them and gave

Cronin the certified lists of the vote.

The two Republican electors, of

whose election there is no doubt,

met and elected Mr. Watts to fill his

own vacancy and cast the vote of

Oregon for Hayes and Wheeler, but

the Governor and Secretary of State

refused to give them the certificate.

The Cost of Big Guns.

The trials of the eighty-one ton

guns which have recently taken

place in England are reported as be-

ing convenient and satisfactory to the

artillery; but it may be doubted

whether those who are footing the

bills, the tax payers, will share in

the officially expressed gratification.

At every discharge of this monster

weapon, over three hundred pounds

of powder explode at a cost of from

one hundred and twenty-five dollars

to one hundred and fifty dollars. To

this must be added the expense of

shell and fuse. Then the gun itself

originally estimated to cost \$40,000,

has actually necessitated an expan-

sion of some \$125,000, besides the

construction of a railway at Wool-

wich, a barge for its transportation,

and several huge cranes. Moreover

the firing of the gun at Shoebur-

ness has had the effect of blowing

down, or at least seriously shat-

tering the huts and cottages of that

military settlement, so that it will

nearly all have to be rebuilt at gov-

ernment expense. Meanwhile on

this side of the Atlantic, we com-

placently view these rather costly

proceedings, profit by the results of

the experiments, and congratulate

ourselves that we are not paying for

them.—Scientific American.

## TERRIBLE CALAMITY.

285 Lives Lost.

BROOKLYN, Dec. 6.—The fire broke

out last night on the stage of the

Brooklyn Theater, during the

performance of the "Two Orphans."

The flames spread rapidly, and the

theater was soon enveloped in flames.

The heat was intense and many fell

helpless to the floor.

Dietter's hall is damaged \$5,000.

The Brooklyn Building Association

loses \$40,000. Ida Vernon lost

her wardrobe and diamonds, worth

from six to eight thousand dollars.

Total loss will reach \$200,000.

LATER.—285 bodies were taken

from the ruins. The work will be

continued all night. The streets are

still crowded and excitement is giv-

ing way to a feeling of intense

gloom and depression. It is now

feared that the number of the dead

will reach three hundred.

The sight appalled the stoutest

hearts. Charred heads, legs and

arms protruded in ghastly disorder

from amidst the blackened mass of

debris. Recognition was impossible

except, perhaps, in a few cases,

where remnants of clothing remain-

ed. The holocaust was mainly con-

fined to the gallery occupants, men

and boys, although it is feared that

a number of those who were in the

dress circle, or first tier, have also

fallen victims.

Life in a Fool Chest.

About one square south of the

School-marm's Home, says the St.

Louis Republican, on the East side

of Eighth street, opposite the rail-

road tunnel, is an open lot, having a

gentle slope toward the street. It

seems to be covered by a crop of

old ashes emptied from the neigh-

oring dwellings and scattered

about in little conical heaps. On

this dreary looking lot an old wo-

man of the neighborhood has squat-

ted, having been expelled by some

unpretentious under-ground cellar

for inability to pay her rent.

The present dwelling is a curiosity.

It is in the same apartment parlor

domitory and reception room for

guests. Her dwelling, in fine, con-

sists of an old fool chest, such as is

used by street commissioners, in

which to thrust their shovels and

picks. The cover shuts down slat-

ingly, and forms, when closed, the

roof, to keep off the rain, dew, sleet

and snow. At night the old lady

descends in her house and, closing

down the trap-door, disappears like

"Jack-in-a-box." In the daytime

the cover is held open by a stake,

and the apartment is ventilated.

The furniture of this humble dwel-

## More Dogs Than he Wanted.

An editor in Reading, Pa., adver-

tised the other day that he "would

take a good dog in payment of one

year's subscription" for his paper.

The next day forty-three dogs were

sent to the office. The day after-

wards, when the news had spread

out in the country, four hundred

farmers had sent two dogs apiece by

express, with eight baskets full of

FRIDAY, Dec. 15, 1876.  
Dahlgren, Va., Ga.

Mr. Samuel R. Freeman has retired from the proprietorship of the *Ellijah Courier*, and is succeeded by Mr. Geo. Geo. of Calhoun, Ga.

Baltimore was visited by a severe storm on Saturday night. Roofs were torn from over 200 houses, and it is reported that eleven lives were lost.

Chamberlain has pardoned all the State Returning Board of canvassers who were imprisoned by the Supreme Court for contempt. What a generous-hearted fellow he is.

A dispatch from Washington says that Congress will probably adjourn from today, until the second Monday in January. In the meantime select commissioners will pursue their investigations in the Southern States.

The *Cleveland Herald*, an extreme Radical sheet, is engaged in pouring a broadside of vile vituperation into the Democratic party and Governor of Oregon for the recent unexpected change of affairs in that State.

The gin house of Mr. Thos. McKibben, of Butts county, was burned Saturday night, together with a new iron press and twenty bales of cotton. The fire was undoubtedly the work of an incendiary, as the building had been closed for two days. Mr. McKibben's loss will not fall short of \$2,000.

The retirement of Carey W. Styles from journalism is to be regretted by the press and the people throughout Georgia, and in fact the whole South. Col. Styles was the founder of the daily *Atlanta Constitution*, the *Albany News*, and we believe a number of other papers, which clearly proves that he is a journalist of no mean pretensions. Col. Styles has our best wishes for his future success wherever he may cast his lot.

The *Atlanta Telegraph* says: Jim Hubbard, a negro thief and burglar was sent to jail by Justice Batts yesterday on two warrants charging him with burglary. This morning he dropped dead in the jail from the effects of chloroform taken yesterday. He was a notorious character, having committed innumerable thefts in and around the city. He ran away from here some time ago, but was arrested and brought back by Detective W. B. Jones in Madison.

The *New York Observer* is out with its prospectus for the fifty-fifth year. It is a large paper of the first class, and should be in every family in the land. Those who do not take it should send for a specimen copy at once, or better yet, should send the price for a year. Any person desiring a comprehensive weekly newspaper, filled with just the news of every family want, and free from clap trap or objectionable matter of any kind, will hardly do better than to send 3.15 to S. I. Prime & Co., 37 Park Row, New York, and receive the *Observer* post-paid.

The *Savannah News* says like ourselves, the Richmond Dispatch puts no faith in the New York Herald correspondent's story of Hayes' desertion of the Radical party. Hayes could not, if he would, feel of from his party at this time; nor could he at this juncture afford an understanding with the party leaders to play a deceitful game under the disguise of a compromise to get himself elected to the Presidential chair. We do not believe the ultra Radicals would be a party to a deceitful compromise that would promise a great deal to the Southern people. They would feel irrepressible suspicions that such a compromise might be too faithfully fulfilled by Hayes. There was one point in the reported declaration of Governor Hayes that discredited the whole report: that he proposed to put Mr. Lamar in his cabinet if he should be President. Gov. Hayes could not go to the Democratic party for a member of his cabinet.

## Hon. W. P. Price and the Speech.

Col. Price has several prominent gentlemen opposing him in the race for Speakership of the next House of Representatives. If our memory serves us aright each of his opponents have been honored with the position heretofore, and against them we have sought to urge. We would only continue to urge and keep before that honorable body and the people, the strong claims of the distinguished representative whose name heads this article. His claims are as strong, if not stronger, than either of his opponents. He was among the few patriotic Democrats who unflinchingly faced an armed force under the Bullock regime because he dared to speak out boldly against the wholesale plundering of the State Treasury by that Radical carpet-bag Governor and his crew. He has been an earnest worker in the cause of Democracy, and a fearless advocate of the people's rights. Not only this, but he is a gentleman of fine legal attainments, a ready debater and a staunch, full-blooded Democrat.

We give below an extract taken from a letter written from Fannin county to the *Ellijah Courier* upon this subject. It speaks our sentiments exactly:

"Politically, for the first time since war, Fannin has redeemed herself from the thraldom of radicalism, giving a handsome majority for Tilden and Colquitt, proving herself true to her late war record, and now stands shoulder to shoulder with the sister counties of the State to fight for freedom and reform. Whilst in the minority we felt that it would be assuming to ask anything politically for our section, but now that we begin to feel strength in our sinews, we have no hesitation in asking the Democracy of Georgia to confer distinction upon some of the prominent citizens of this section. At this time nothing would be more gratefully received by the Democracy here, than the giving of the speakership of the next House of Representatives to the Hon. Wm. P. Price, of Dahlgren. We do think, in view of the fact, that we have so often and cheerfully honored the good and wise men of middle and southern Georgia, that when we offer one for position so entirely worthy as the gentleman above named, that those of their sections should willingly concede to that which would be so gratifying to North Georgia."

### President Tilden!

By this time the election of Tilden has been heralded far and near, and the whole nation is wild with acclamation, joy, and thankfulness for their deliverance from the thraldom of Radicalism, so arduously thrown around them by a few scheming politicians under the supervision of His Royal Highness, Kaiser Grant.

The backbone and sinews of the Government of these United States, have been severed and snapped, and her credit almost ruined. And by whom and for what? By the present corrupt Administration, and to keep the Republican party in power.

But a new light has at last dawned upon us. Tilden's election promises "true reform" in every sense of the word, and now we may confidently expect a change for the better. Sixteen long, weary years of suffering and oppression has at last given place to peace and prosperity.

According to the official count of California, Connecticut, Illinois, Indiana, Iowa, Kansas, Maine, Massachusetts, Michigan, Minnesota, Nebraska, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont and Wisconsin, there are 2,646,336 adult males in those States who voted for Tilden. What a truly alarming growth, in the loyal States, of Rebels, Confederates, White-Liners, Bull-Dozers, Ku-Klux and Traitors!

Washington dispatches reports the Republicans of that city as very much despondent. The action of Gov. Grover will doubtless tend to increase their despondency. The present tone of the dispatches seem to indicate that the report of measures being taken to impeach Grant, was no idle rumor. But on the contrary, it is hourly assuming the shape of a solid fact.

## "Stand Up to It."

Under this caption we find the following article in the *Tel. graph & Messenger*, relative to the programme laid down and sworn to by the Radicals in Washington: "Washington dates of the 6th leave no doubt that the Radical Congressmen would have stood in solid array, justifying the enormous election frauds in the returning Board States, and insisting that Congress could not go behind them in counting the electoral votes, notwithstanding all precedent to the contrary, and in the teeth of all their personal commitments to an opposite policy. They had determined to make a straight-out business of counting in Hayes on this issue, and it is said, had determined to elect Sherman as Vice-President *pro tem*, and insist that he alone, and nobody else, was to do the counting or have cast or part in the process. The idea, at the bottom of the proposition to elect Sherman, was that he could probably have greater influence with his brother—the "general of the army"—than anybody else.

The Oregon return, however, disarranged the whole programme, by electing Tilden on the regular ticket, and the electoral colleges and set the whole, quivering of the modus operandi of canvassing the electoral votes, at sea again. There is, however, apparently no relenting in the set purpose to count out Tilden, by any means, however foul, although entitled to a large majority of the popular and electoral votes."

### Lewellen Beck Refused a New Trial.

It will be remembered by many of our readers that the person above named, is from this county, and was convicted of manslaughter in Chattooga county some time ago. His counsel made a motion for a new trial, which was refused him, as will be seen from the following decision of the Supreme Court of the State of Georgia:

#### BECKLEY, J.

1. According to the evidence, there was, at the time of the homicide, no such immediate danger to the prisoner's person or property as to render the killing absolutely necessary for the defense of either, nor was there any assault upon the prisoner, or any attempt to commit a serious personal injury upon him, or anything equivalent thereto to justify the excitement of passion and to exclude all idea of deliberation or malice.

2. Even in a case of capital punishment, the verdict may be left to stand, though some competent evidence was excluded on the trial, if it be perfectly clear, beyond all doubt, that the conviction and punishment would be no less rightful with the excluded evidence in than with it out. 14 Ga. 43, 38 Ib. 303. Judgment affirmed.

### An Iron Consumer.

The following item we clip from an exchange. It is one of the largest iron foundries in the South, and adds no little revenue to this country. "The Chattanooga Iron Company are using five our loads of ore daily. The ore used in their furnace is obtained at Atlanta, about ninety miles from the city. These works give employment to over 150 men at the mines and about the works. We are personally acquainted with all the men connected with this great enterprise; they are nearly all our old neighbors, and we are gratified to know have put their capital in the right place and are succeeding in this great undertaking. There was the first extension hot air-furnaces erected in the South, and it is gratifying to all interested in southern manufacturing to still see the fires bright in the furnaces after three years running to their full capacity in these depressed times."

Speaking of the situation, the Philadelphia Times thus concludes a bitter review of the administration: "It is history inexorably repeating itself. The sowing has been in lawlessness, the reaping is of the harvest of death."

Cron saved the country.

## Election News.

TALLAHASSEE, Dec. 11.—Judge White prepared a sentence, sending both McLean and Cowell to jail for contempt of court in canvassing the votes for the State ticket against his instruction. The guilty wretches begged him to suspend his sentence till to-morrow, when they will go before the Supreme Court on a trial of a mandamus ordering them to undo their frauds and canvass the votes from the face of the returns. It is believed the court will issue this order. If it does it will appear that Tilden's majority is 36, and Drew's 672. The Governor's certificates by the open frauds of the canvass of the State has been given to Hayes.

WASHTON, December 11.—The commissions of distinguished Democrats which visited Louisiana, Florida and South Carolina will make public their reports some time this week. Each will undoubtedly set forth the villany practiced by the returning boards, and establishing conclusively that the visiting Republican delegation which were detailed by the President to go S. C. to see a fair count, actually conspired with the rascals to declare a false one. It is believed that if Chandler, lobbyist, and Sherman, Senator, had not advised the boards to do what they have done, the members would not have had the affrontery to have carried their game any further than to have stolen the electoral votes of the States for Hayes. As it is, they have, in addition, counted in several Congressmen who have no shadow of legal right to be seated.

A dispatch from Columbia says the ten negroes who murdered a white man by the name of Allen, at Lowndesville, and who were discovered to be engaged in a plot to murder the whites, were taken from the Sheriff and lynched by Georgians. Thirteen negroes were arrested by the Trial Justice, and owing to threats of lynching were sent under a strong guard to the jail at Anderson for safe keeping. It is supposed that while they were en route they were seized by the Georgians, who came across the Savannah river, and summarily dealt with. Great excitement prevails.

DANIEL F. BEATTY,  
Washington, New Jersey, U. S. A.

ATTORNEY GENERAL.

It is understood that Col. Charlie Phillips, our present Solicitor General will not be an applicant for that position again. From the *Atlanta Georgian* we see that Mr. Will J. Winn, of Marietta, is an aspirant for the place, and that his case is being warmly pressed by his friends. We speak in behalf of Lumpkin and her corps of gentlemen, who are noted for their energy, capacity and legal attainments, and would respectfully call the attention of Gov. Colquitt to the strong claims which this country presents to the Solicitor Generalship of the Blue Ridge Circuit. The counties of Cobb and Cherokee have been supplying the Judgeship and Solicitorship of this circuit for a number of years, and we think that it is nothing more than right that old Lumpkin's claims should be recognized and he be allotted her share of public honors within the Governor's gift, to which she is so justly entitled.

## A PROCLAMATION.

GEORGIA: By JAMES M. SMITH, Governor of said State. WHEREAS, official information has been received at this Department that THOMAS JEFFERSON ANDERSON, who was convicted of manslaughter in the county of White in the year 1868 or 1869 and who was sentenced to the penitentiary, being carried to the penitentiary, is now at large in the county of Lumpkin, defying arrest by the civil authority and causing great alarm to the people of said county. I have thought proper, therefore, to issue this my Proclamation, offering a reward of Two Hundred Dollars for the apprehension and delivery of this said Jefferson Anderson to the Sheriff of said county, or to Principal keeper of the Penitentiary.

And I do moreover charge and require all officers in this State, civil and military, to be vigilant in endeavoring to apprehend the said Thomas Jefferson Anderson in order that he may be brought to trial for the crime with which he stands charged. Given under my hand and the Great Seal of the State at the City of Atlanta, this fifth day of December in the year of our Lord One Thousand Eight Hundred and Seventy-Six and of the Independence of the United States of America the One Hundred and First.

JAMES M. SMITH, Governor.  
By the Governor: N. C. BARNETT, Secretary of State.

AGENTS: Investigate the merits of the above interesting work for this fall and winter. The contributors this season surpasses anything heretofore attempted. Send no money without capital. Address, CHAS. CLUCAS & CO., 14 Warren Street, N. Y.

## Ayer's Cherry Pectoral

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

The reputation it has attained in consequence of the marvelous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the highest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from ailing and even desperate diseases of the lungs, by its use. All who have had knowledge of its superiority; and where its virtues are known, no one hesitates as to what medicine to employ to relieve the distress and suffering peculiar to pulmonary affections. Ayer's Cherry Pectoral always affords instant relief, and performs rapid cures of the various varieties of bronchial disorders, as well as the more formidable diseases of the lungs.

As a safeguard for children, against the distressing diseases which beset the Throat and Chest of Childhood, it is invaluable, for by its timely use, multitudes are rescued and restored to health.

This medicine gives friends, as every trial, as the cures it constantly produces are too remarkable to be forgotten. No family should be without it, and those who have used it, never regret it.

Eminent Physicians throughout the country prescribe it, and Clergymen often recommend it, from their knowledge of its effects.

PREPARED BY DR. J. C. AYER & CO., Lowell, Mass. Practical and Analytical Chemists.

SOLD BY ALL DRUGGISTS EVERYWHERE. \$5 to \$20 per day at home. Single bottles, 50 cents. Sent by mail, 75 cents. March 5, 1876.

A cross mark on the margin of your paper denotes that your paper has expired, and if you are in arrears you are requested to pay up and make your subscription immediately.

Rev. J. W. Brown, of Pleasant Retreat, is authorized to receive and report for subscription to THE SIGNAL-ADVERTISER.

Nine days till holiday!

See notice to "School teachers" in another column.

The election of Tilden lightens the hearts of the people as well as their hearts.

Mr. H. D. Gurley left for the Gate City on Tuesday last, to lay in their Christmas stock of goods.

Maadon Lodge, No. 38 F. A. M., will have a festival at their Hall on the 27th of this month.

Col. N. H. Hand, after an absence for some weeks, returned last Friday, looking hale and hearty.

The hog cholera is still at work in this section. Several fattening hogs have died in the past week or two.

Sitton & Bro. have just received a large stock of Christmas tricks. See what they have to say in another column.

All Christmas presents for the editor of this sheet can be brought in person or sent by basket to this office at our risk.

The young ladies of the College have been quite busy for the past week or two preparing for their entertainment to-night.

For the information and convenience of the trading public, we publish the schedule of the Atlanta & Richmond Air-Line Railroad.

Dr. A. J. Hughes, paid our town a pleasant visit this week. The doctor has many warm friends here, and his short sojourn with us was doubtless pleasant and agreeable.

Mr. B. R. Meaders slaughtered the "master porker" of this neighborhood on Wednesday last. We are informed by Mr. M. that it weighed four hundred pounds. Who can beat it?

Mr. James A. Findley received several slight injuries by the running away of his horse attached to a buggy, whilst coming from Gainesville to this place, on last Tuesday. The buggy was smashed up.

Persons who are in arrears with the old SIGNAL books, should make payments to the firm of J. B. Thomas & Co., and not to members of the old firm. By so doing a great deal of trouble and inconvenience will be avoided.

We have in hand for printing the programme of the entertainment to be given by the Corona Hederase Society at the Court House this evening. Judging from the reading of the same, it will be a grand success. Let every one attend.

Since our last mention of the Findley vein, considerable headway has been made by those working it. A single haul of ore taken out one day this week proved it to be one of the richest veins discovered in this section. They have raised and otherwise repaired the dam.

The late freeze was severely felt by the poor class of this section. A large number of the pounding mills were "frozen up" so that work was stopped for a while. Rendering the already needy condition of the poor laboring class much more uncomfortable.

We are very much gratified at the promptness with which many of our old SIGNAL patrons are coming forward and settling their indebtedness on our books. This is another evidence that the "mountain people" as they are sometimes termed by persons living in other portions of the State, appreciate the true worth of a newspaper.

We are informed that a very serious injury was sustained by a small child in Yalobusha district, in this county, by falling down a well, on a pair of pot-holes, inflicting a severe wound on its forehead. Parents should be careful about leaving pronged instruments, which are sharp and dangerous, where children are free to romp and play.

Remember the public entertainment to be given at the Court House to-night, by the Corona Hederase Society. All should enjoy this rare treat.

The returning board has, one would naturally suppose, been stirring up the weather clerk or putting one in at the point of the layonet, from the weather we have been having.

The December number of the Student's Herald makes its appearance chuck full of everything that is interesting. It is an honor to the publisher and the young men of the N. G. A. College who so liberally support it.

A regular "old fashioned" snow storm visited us on last Sunday. The earth was covered to the depth of about one inch. The strong rays of the sun soon melted it away, but, as usual, it left our streets ankle deep in mud.

By reference to our announcement column it will be seen that Mr. E. V. Mullenix declares himself a candidate for Justice of the Peace of this district. He also, has a card in this issue, in which he has a sensible little talk for his friends.

Our merchants were made to rub their eyes, and cast a hasty glance at their money drawer on Tuesday morning last, by the appearance upon our streets, of a bale of cotton. Mr. B. R. Meaders, however, was the purchaser, paying ten cents per pound. The cotton was raised by Mr. Ed. Sullivan, of this county.

There being a number of Democratic candidates for the office of Sheriff in the field, an effort was made by a number of our citizens a few days ago to organize a Convention, nominate a Democrat and unite upon him in order to beat the Republican ticket. We think, however, the effort was without effect.

Arms for the College.

The War Department at Washington has informed Col. Price, President of the Board of Trustees of our College, that the following arms and stores have been forwarded to him, with which to inaugurate the Military Department of the College.

160 Springfield Cadet Rifles, calibre 45, with appendages and spare parts.

160 waist belts and plates (new) 160 cartridge boxes, calibre 45, pattern 1874.

160 bayonet scabbards, steel, "cadet." Hoffman's attachment.

It is expected that Lieut. Gerard, U. S. A., will arrive in time to put the department in operation by the first of February next.

Arrest of Jeff. Anderson.

This desperate character who has, ever since the war, set at defiance the laws of the land, and made himself a terror to the people, has at last met his just desert. It will be remembered by many of our readers that this man Anderson was accused, tried and convicted upon the charge of being implicated in the brutal murder of Capt. Craven, a leading citizen of White county, a number of years ago, for which crime he was sentenced to the penitentiary for a number of years, but managing to make his escape before reaching that place, he has roamed the country at large, committing depredations of almost every character in the open defiance of the law.

On the 6th inst., a reward of two hundred dollars was issued by Gov. Smith, for his arrest. Whereupon Mr. C. M. Moore, Stephen Rice and J. E. Howell concluded they would take him in out of the wet. After a great deal of maneuvering on their part and under the pretense of hunting deer, they succeeded in hemming the lion in his den, bringing him safely to town and delivering him to Sheriff Satterfield, who proceeded immediately to the Hotel de Dieu, where Jeff was securely deposited in the strong walls of this building.

The sensation Jeff's arrest created in our quiet little village was only equalled in magnitude by the late Presidential election.

These gentlemen have enveloped themselves in glory, and C. M. Moore has no doubt secured upon himself a majority vote.

## A CARD.

To the Voters of the 837th District.

Fellow Citizens: After mature deliberation on my part, and at the solicitation of a large number of my friends, I have consented to allow my name to go before the people as a candidate for the office of Justice of the Peace of this District. I am, as the public know, a laboring man, and outside of my daily labor, have no means of supporting my family, and can only promise in the event of my election that I will give the duties of the office my careful and undivided attention. As to my past record I leave it to the impartial minds of the voters, with the promise that I will faithfully perform to the best of my ability the duties of Justice of the Peace. In submitting my name to be used in the present canvass, I ask the support of all my friends.

I notice that other gentlemen are in the field for the same office, but upon neither will I make war. I will only add that I will endeavor to discharge the duties of that office with honor to the voters of this district, instead of allowing the same to bring reproach upon the district by inattention to business coming before me as Justice of the Peace. Hoping that "the boys in grey" with whom I was so nearly and dearly allied during the late war will not ignore my claims,

I am Respectfully,

E. V. MULLENIX.

## CUT THIS OUT.

### It May Save Your Life.

There is no person living but what suffers more or less with Lung Disease, Cough, Cold or Consumption, yet some would die rather than pay 75 cents for a bottle of medicine that would cure them. Dr. A. B. Rogers' German Syrup has lately been introduced in this country from Germany, and its wonderful cures astonish every one that tries it. If you doubt what we say in print, cut this out and take it to your druggist, J. W. & W. A. Burnside, and get a sample bottle for ten cents and try it. Two doses will relieve you. Regular size 75 cents.

WHAT A SWEET you have in your nose, it is all stopped up get some of Dr. J. H. McLean's Catarrh Snuff. It soothes, heals and will cure any disease in your nose or throat. Trial Boxes 50 cents by mail. Dr. J. H. McLean, 312 Chestnut, St. Louis.

## CONSUMPTION CURED.

An old physician, retired from active practice, having had placed in his hands by an East India Missionary the formula of a simple Vegetable Remedy, for consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung Affections, also a Positive and Radical Cure for Nervous Debility and all Nervous Complaints after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make known to his suffering fellow-men. Attained by this motive, and a conscientious desire to relieve human suffering, he will send (free of charge) to all who desire it, this recipe, with full directions for preparing an successful use. Send by return mail with addressing stamp, naming this paper.

Would You Have Rosy Cheeks?

Experience of a Young Woman.-A country girl, young, pretty and happy, her eyes were bright and her cheeks were bloomed upon her cheeks. One April morn she was overtaken by a "spring shower."

It was her "particular time," and suppression was the result. At the next "period" nature refused to act. She became pale, thin, and suffered intensely with pain in the back and "lower stomach," palpitations, difficulty of breathing, indigestion and headache. Doctors failed to palliate her distressed condition, and she longed for death as the only hope of relief. At the instance of a friend who herself experienced its benefits, she was induced to try Dr. J. H. McLean's Female Regulator. One bottle cured her. She was again the happy girl she was that April morning before the shower. The Female Regulator is prepared by L. H. Bradford, Druggist, Atlanta, Ga., at \$1.00 per bottle and kept by all respectable druggists throughout the land.

A Most Excellent Remedy.

ATLANTA, GA., March 12, 1870.

I have examined the receipt of Bradford's Female Regulator, and from my knowledge of the ingredients, believe it a most excellent medicine, and well suited to that class of diseases designated. I have no hesitation in advising its use, and confidently recommend it to the public.

## The Grand Secret of Beauty

Is health. The secret of health is the power to eat, digest and assimilate a good quantity of wholesome, nutritious food. This can never be done when the liver does not act its part. It is the great driving wheel in the mechanism of man, and when it is out of order the whole organization becomes deranged and diseased. Liver troubles, such as constipation, jaundice, bilious colic, kidney disease and general debility ensue. To restore the normal function of the liver and impart that beauty, which always attend a healthy, robust constitution, Dr. TUTT'S VEGETABLE LIVER PILLS are conscientiously recommended. They are designed solely for the disordered liver and the disease which it produces. They are a cure-all, but in the cases mentioned they rarely ever fail to effect a cure. (See 22.)

It is a fact well established by unquestionable testimony that Hall's Hair Restorer removes, cleanses, brightens, invigorates and restores to its normal color and texture, faded gray or discolored hair, cheaply, quickly and surely. The poorest people prefer to buy it and use it, rather than to proclaim in a manner more forcible than words can delineate, through bleached locks or grizzled beard, that they are aged and passing to decay. A very short trial will convince the most skeptical that it does eradicate the scalp diseases which rob the hair of its color and life. -Fort Scott (Kan.) Daily Monitor.

## Tax Notice.

I will be at Dahlonega on the 11th and 12th days of December next, for the purpose of receiving tax, after which I will close my books. J. P. HEALD, T. C.

## Want of Confidence.

Trade is depressed, and the industries of the whole country flags. Ask the cause and you are told that it is due to the want of confidence. Ask the cause who have not used Dr. TUTT'S Hair Dress, and they say "I have no confidence in it. I have been so often humbugged by cheap imitations." We ask the reader to read the following testimony from parties of undoubted respectability.

Mechanical ingenuity embodied in the invention of the Sewing Machine and millions of toiling women were elevated from drudgery and poverty to intelligence, industry and competence. If this be true in the abstract as regards the average sewing machine, with what force does it apply to that marvellous embodiment of all that is useful and beautiful in sewing machine mechanism, the Victoria Sewing Machine, which has fairly eclipsed all others, not only in its adaptability to do all kinds of work but in the ease with which it is done. It may be said to have astonished its admirers by storm as soon as the capability for work became known. The aim of its inventor has been to discard every useless complication peculiar to ordinary machines, and only familiarity with the machine will enable our readers fully to appreciate how far he has succeeded. It is not too much to say that the machine will last a lifetime. Sale-room 54 East 10th Street, New York City, and in all the large cities of the country.

## Local News.

A cross mark on the margin of your paper denotes that your time has expired, and if you are in arrears you are requested to pay up, and renew your subscription immediately.

Rev. J. W. Brown, of Pleasant Retreat, is authorized to receive and receipt for subscription to THE SIGNAL-ADVERTISER.

A merry Christmas to all our friends.

Prof. Henry Perry was in the village last week.

Hon. W. P. Price left for the city of Atlanta on Tuesday morning last.

Mr. H. H. Wells has withdrawn from the race as candidate for Ordinary.

We publish by request "The Orphan Boy," on the first page of this issue.

The noisy popping of the fire-cracker warns us of the near approach of Christmas.

Santa Claus has taken rooms at Sittin & Bros.' establishment during Christmas holidays.

Wonder if any of the Dom Pedro boys witnessed the scene of the "Gamblers" on Friday evening last?

Thank goodness! the approaching election in January winds up the political show for some time to come.

The "fantastic tip" seems to be all the rage just now. Several first-class ones are on the tapis for next week.

We had a pleasant call from Mr. R. R. Payne, travelling agent for the popular firm of Burke & Hancock, Atlanta, Ga.

We direct the attention of our readers to the advertisement of Sittin & Bros., which can be found in another column.

"First come, first served," is the programme of H. D. Gurley & Bro. in selling off that splendid stock of ready made clothing.

\$10, \$15, \$18, \$25, are the figures at which these elegant suits of ready made clothing are being sold at the establishment of H. D. Gurley & Bro.

We are credibly informed that several of the candidates who are very enthusiastic now, will come down en masse on the first Thursday in January.

The Commissioners have prolonged, or extended, the time for paying in tax until the first of February. This will give all ample time to pay up their taxes.

THAT languid, helpless, sallied complexioned woman must use Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. It is exactly what you want to invigorate and enrich your blood, and give you back the bloom of health again. Dr. J. H. McLean's office, 314, Chestnut Street, St. Louis.

Owing to the irregularities in the delivery of papers to subscribers living in the vicinity of Porter Spring, the papers which have heretofore been sent to that point for distribution, will be stopped at the Dahlonega post office to insure a prompt delivery of the same.

The stroke of the hammer and the grating sound of the saw is heard every day in our town, mechanics are busy repairing old buildings and erecting new ones. Progress is the motto of our citizens; they are not blind as to the future. The present prospect for this section is very encouraging. The influx of students for the new year, which begins directly after Christmas, will exceed in number the past year, hence, the necessity for more houses.

As a couple of young gallants were sauntering along one of our most public thoroughfares on Wednesday evening last, they were brought to a sudden standstill by a slight noise in the boughs of a large persimmon tree near by, and upon examination, what was at first thought to be a sleek-tail possum, turned out to be one of Dahlonega's most bewitching and rosy-lipped young ladies just entering in upon the threshold of sweet sixteen, perched upon one of the topmost branches, complacently gathering the luscious fruit.

From a card which appears elsewhere, it will be seen that Mr. B. F. Satterfield has withdrawn from the race for the office of Tax Collector and Receiver.

We learn that Mr. John Castleberry, of Auraria, has withdrawn from the race for the office of Sheriff. This leaves only four candidates in the field—three Democrats and one Radical.

We learn that a fine twin mule colt, belonging to Mr. A. N. Hester, of this county, killed itself by running against a sharp snag, which pierced the animal in the side causing death almost instantly.

"Humble Deacon" pays a glowing and, we think, a meritorious compliment to the Hon. W. P. Price, in this issue of the SIGNAL-ADVERTISER. Read it and learn how this gentleman, patriot and statesman is esteemed by his fellow-townsmen.

Run, jump, tumble, ramble, scramble, or any other way, in order to get the first chance at the splendid stock of Christmas goods of every description at the establishment of H. D. Gurley & Bro., who have been appointed the special agents of Santa Claus during the holiday season.

### To Subscribers.

All kinds of country produce taken in payment for subscription to the SIGNAL-ADVERTISER, such as syrup, potatoes, corn, chickens, eggs, turkeys, lard, pork, beef and anything an editor can eat, which includes almost everything.

Rev. D. J. Burt, the present Ordinary of Dawson county, filled the pulpit at the Baptist Church on last Sabbath. A large congregation was in attendance, and all seemed seriously impressed by the earnest and eloquent appeal made in behalf of the Great "I" in Mr. Burt. May he continue in the service of his Lord and Master until he shall have finished his labors on earth and be finally rewarded with a seat in the assembly of the blessed.

We received our new and beautiful heading too late for this issue. But look out on the morning of the fifth of January, for the new head and the paper filled to overflowing with everything that will be interesting to the reading public. After much labor and expense on our part, we have fairly got under headway, and from that date we intend to improve and to continue to improve the SIGNAL-ADVERTISER until it will rank among the first weeklies in the State.

### Public Entertainment.

According to previous announcement the young ladies composing the Corona Helene Society, gave a public entertainment at the Court House on last Friday evening. The audience was very large and appreciative and the performance throughout was fine. We only regret that our limited space will not permit of a more extended notice of the entertainment, which proved to be a rich treat to the audience and resulted in a grand success on the part of the young ladies of the society.

### Lumpkin County Gold Mines.

Our mining prospects are just now looking particularly bright. We learn that several new mills are likely to be put in operation in this immediate vicinity within a short time, the product of which will help to swell the shifting streams of substantial property, which the recent development of our gold mines has set in motion. These new mills will be started on well developed mines, so that their success (like those already at work) shall be a fixed fact.

We are informed that it is the purpose of the Hand Gold Mining Co. to erect a new mill on the famous old 1052 lot.

And also that they are likely to extend their water ditches on to the celebrated Pigeon Roost property now owned by New York parties.

When this is done and the hydraulic system of mining inaugurated, an older and better informed miners than these deposits will be an eye-opener of the largest magnitude.

One of the most encouraging features in the gold mining in this county thus far has been the quiet

business like way in which it is conducted. Being entirely free from all speculative stock jobbing companies where the principal work is done in Wall Street, New York. On the contrary, the men at work here are doing honest mining work and are getting good returns in gold for such work. It was said by a distinguished mining engineer and expert, who has visited our mines within the last few weeks, that we were doing the most economical, practical mining on this continent.

We understand that the new mills now projected, will be built from the money already earned in the mines. We were shown some gold ore taken from the Findley mine during the past week, which was nearly half its weight in native gold. Several old California miners say they have never seen such rich ore before.

With our fine climate, cheap labor and inexhaustible supply of gold ore, a more encouraging field for enterprise and the judicious investment of capital cannot be found in any country.

From the general list of appointments by the North Georgia Conference for the year 1877, we find the following names assigned to the

- DAHLONEGA DISTRICT:
- J. W. Stipe, Presiding Elder.
  - Dahlonega—J. D. Hammond.

### August Flower.

The most miserable beings in the world are those suffering from Dyspepsia and Liver complaints. More than seventy-five per cent of the people in the United States are afflicted with these two diseases and their effects such as sour stomach, sick headache, habitual constipation, palpitation of the heart, heart-burn, water-brash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c. Go to your Druggist, J. W. & W. A. Burnside, and get a bottle of AUGUST FLOWER or SAM'S BOTTLE for 10 cents. Try it—two doses will relieve you.

Mechanical ingenuity culminated in the invention of the Sewing Machine and millions of toiling women were elevated from drudgery and poverty to intelligence, industry and competence. If this be true in the abstract as regards the average sewing machine, with what faces must it apply to that marvelous embodiment of all that is useful and beautiful in sewing machine mechanism, the Vicious Sewing Machine, which has fairly eclipsed all others, not only in its adaptability to do all kinds of work but in the ease with which it is done. It may be said to have carried its admirers by storm as soon as its capability to work became known. The aim of its inventor has been to discard every useless complication peculiar to ordinary machines, and only familiarity with the machine will enable our readers fully to appreciate how far he has succeeded. It is not too much to say that the machine will last a lifetime. Suburban 54 East 10th Street, New York City, and it is all the large cities of the country.

**HOW MANY CHILDREN DIE** from croup, diphtheria, &c. This new principle, Dr. J. H. McLean's Cough and Lung Healing Globules will cure croup and throat diseases, consumption, coughs, &c., hoarseness. Trial boxes 25 cents by mail. Dr. J. H. McLean's office, 314 Chestnut Street, St. Louis.

This shows what the Jacksonville Union (Radical of the strictest sect), thinks of Ben Hill and his new departure. "Ben Hill joins issue with the Democratic party, and declares that Haves is good enough President for him. Ben, though erratic, is honest, and prefers a brave, fearless foe to a disreputable shyster friend."

The Governor elect of Florida, Geo. F. Drew, will be inaugurated in Tallahassee on Tuesday, January 2d. The occasion will be one to be remembered, and invitations are now being sent out inviting the people from every part of the State and Union to be present to witness the first step in the new era of the commonwealth, and bear the death knell of the usurper who have ruled and ruined the helpless citizens for the past ten years. A grand inauguration ball will be given at night.

**August Flower**  
The most universal balm in the world are those suffering from dyspepsia and liver complaints.  
More than seventy-five per cent of the people in the United States are afflicted with these two diseases and their effects, such as sour stomach, sick headache, habitual costiveness, palpitation of the heart, heart-brush, water-brash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, &c. Go to your Druggist, J. W. & W. A. Burdette, and get a 75 cent bottle of AUGUST FLOWER, or send for a bottle for 10 cents. Try it—two bottles will relieve you.

**A CARD.**  
To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c. I will send a recipe that will cure you FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN Station D, Bible House, New York.

**CONSUMPTION CURED.**  
An old physician, retired from active practice, having had placed in his hands by an East India Missionary the formula of a simple Vegetable Remedy, for the speedy and permanent Cure of Consumption, Bronchitis Catarrh, Asthma, and all Throat and Lung Affections, also a Positive and Radical Cure for Nervous Debility and all Nervous Complaints after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellows. Actuated by this motive, and a conscientious desire to relieve human suffering, he will send (free of charge) to all who desire it, this recipe, with full directions for preparing and successfully using. Sent by return mail by addressing with stamp, naming this paper.

### Fine Sensibilities are Like Wood-bines.

Delightful luxuries of beauty to twine around a solid upright stem of understanding, but very poor things if unsustained by strength, they are left to creep along the ground. So it is by the body, when sustained by strength and health, then all is beauty and happiness. But when enfeebled by disease, there is no saving thing to the clouds. Gloom pervades all nature, hope dwindles into despair. Invalid, won't you say that a "cure" is a boon? Now that it is within your power. Thousands have been saved by you are. Struggle with their enfeebled limbs, and joy to the depending hearts has been imparted by the "Vegetable Liver Pills," the boon to suffering humanity.

**Want of Confidence.**  
Trade is depressed, and the industries of the whole country flag. Ask the cause and you are told that it is due to the want of confidence. Ask the few who have not used Dr. Tatt's Hair Dye, and they say "I have no confidence in it, I have been so often humbugged by such articles." We ask the reader to read the following testimony from parties of undoubted veracity:  
HARTSVILLE, GA., October 30, 1869.  
Dr. WM. TATT: Dear Sir—Your Hair Dye bids fair to run every other dye out of this market. Respectfully,  
JOHN K. BALL.  
SAVANNAH, GA., September 27, 1871.  
Dr. TATT: Dear Sir—Your Hair Dye is the best I ever used. Yours truly,

**Would You Have Rosy Cheeks?**  
Experience of a Young Woman.—A country girl, young, pretty and happy, her skin was elastic and the roses of health bloomed upon her cheeks. One April morning she was overtaken by a "spring shower" and caught a cold.  
It was her "particular time," and suppression was the result. At the next "period" nature refused to act. She became sallow, swollen, and suffered intensely with pain in the back and "lower stomach," palpitations, difficulty of breathing, indigestion and headache. Doctors failed to palliate her distressing condition, and she languished for death as the only hope of relief. At the instance of a friend, who herself experienced its benefits, she was induced to try Dr. J. Bradford's Female Regulator. One bottle cured her. She was again the happy girl she was that April morning before the shower. The Female Regulator is prepared by Dr. J. Bradford, Druggist, Atlanta, Ga., at \$1.50 per bottle and kept by all respectable druggists throughout the land.

**A Most Excellent Remedy.**  
ATLANTA, GA., March 12, 1870.  
I have examined the receipt of Bradford's Female Regulator, and from my knowledge of the ingredients, I believe it a most excellent medicine, and well suited to that class of diseases designated. I have no hesitation in advising its use, and confidently recommend it to the public.

#### A PROCLAMATION.

**GEORGIA:**  
By JAMES M. SMITH, Governor of said State.  
WHEREAS, official information has been received at this Department that THOMAS JEFFERSON ANDERSON, who was convicted of manslaughter in the county of White in the year 1868 or 1869 and who escaped from the guard while being carried to the penitentiary, is now at large in the county of Lumpkin, defying the civil authorities and causing great alarm to the people of said county. I have thought proper, therefore, to issue this my Proclamation, hereby offering a reward of Two Hundred Dollars for the apprehension and delivery of said Thomas Jefferson Anderson to the Sheriff of either of said counties, or to Principal Keeper of the Penitentiary.  
And I do moreover charge and require all officers in this State, civil and military, to be vigilant in endeavoring to apprehend the said Thomas Jefferson Anderson in order that he may be brought to trial for the offense with which he stands charged.  
Given under my hand and the Great Seal of the State, at the Capitol in Atlanta, this ninth day of December in the year of our Lord One Thousand Eight Hundred and Seventy-Six and of the Independence of the United States of America the One Hundred and First.  
JAMES M. SMITH, Governor.

### Ayer's Cathartic Pills,

For all the purposes of a Family Physician and for curing Constiveness, Jaundice, Indigestion, Foul Stomach, Breath, Headache, Eructations, Rheumatism, Eruptions and Skin Diseases, Biliousness, Dropsy, Tumors, Worms, Neuralgia, as a Dinner Pill, for purifying the Blood.

It is the most effective and congenial purgative ever discovered. They are mild, but effectual in their operation, moving the bowels surely and without pain. Although gentle in their operation, they are still the most thorough and searching cathartic medicine that can be employed: cleansing the stomach and bowels, and even the blood. In small doses of one pill a day, they stimulate the digestive organs and promote vigorous health.

Ayer's Pills have been known for more than a quarter of a century, and have obtained a world-wide reputation for their virtues. They correct disordered action in the several assimilative organs of the body, and are so composed that obstructions within their range can rarely withstand or evade them. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they act at the same time, the safest and best physic for children. By their aperient action they gripe much less than the common purgatives, and never give pain when the bowels are not relaxed. They reach the vital fountains of the blood, and strengthen the system by freeing it from the elements of weakness.

Adapted to all ages and constitutions in all climates, containing neither calomel nor any deleterious drug, these Pills may be taken with safety by anybody. Their sugar-coating protects them from the air, and makes them pleasant to take; while being purely vegetable, no harm can arise from their use in any quantity.
